“ Savannah, you were one of a kind best friend. I will never forget my first day of meeting you in 8th grade at CLP. We both were so socially awkward, you just walked up to me with the biggest smile on your face and asked if I wanted to be your friend. Best decision I ever made. Thank you for being my first friend in junior high and for being my best friend since that day. I will never forget the memories we created over the years. Dance your heart out to our special songs, drink bud lights (with limes of course) and never stop laughing! Love you forever and always Savannah!

“ I didn't know you long or well, but whenever I arrived at the softball fields, I was very happy on the nights I was blessed to have you as my scorekeeper. You always did a great job and handled yourself so well. And on the nights I did not have you working my field, I still enjoyed chatting with you and your parents. Savannah, you will be missed. You're gone way too soon. Rest in peace, my freind

“ Savannah, I spent your birthday with you and Pierce a few years back. Just the 3 of us... Not sure what even happened that night... All I know is we had a blast. You made me feel human again, when I had felt far from a human being for far too long.... I'll never forget you.

“ When Savannah would come into my science class at CLP, she always had a smile on her face. She never let things bother her, and therefore put others around her in a good mood. What a joy. Savannah’s positive attitude carried over to the softball team. She was a team player, a good sport, and enjoyed practicing in preparation for the next game. I am so sorry Kathy and Bob, family and friends for the loss of a wonderful person.

“ Savannah was my first score keeping partner when I started with the City of FC. My daughter and her were already friends from school. I have worked with Bob and Kathy on many ball fields. I am so sorry to hear the world has lost this beautiful soul.
