

Scott Glen Piotrowski

March 8, 1971 - March 3, 2026

Scott G. Piotrowski, 54, of Ft. Collins passed away on March 3rd, 2026 after a long battle with cancer, with his loving daughters, mother, and brother at his side. His unwavering strength and perseverance throughout his cancer journey will not be forgotten.

Scott was born on March 8th, 1971 in Grand Rapids, Michigan. Scott attended college at Grand Valley State University. After graduating he spent a few years in Alaska as a fishery monitor, spending weeks at a time at sea. Shortly after relocating to Fort Collins in 1995, he began a career with Rexel Electrical Supply. Scott started out as a warehouse worker. He earned promotions to branch operations manager, assistant branch manager and regional operations and safety manager. Scott was a colleague, a leader, and most importantly a dear friend to his work associates. He positively impacted many people locally and across the country with his knowledge, expertise and willingness to always help.

Outside of his career, Scott maintained a love for animals and the natural world throughout his life. He passed this passion on to his daughters, and loved to set up his bird feeders each spring. He also never forgot his Michigan roots. Forever a fan of Detroit sports, Scott was known as a "wingnut" in Colorado and never gave up hope for the Lions. He was an avid reader and appreciator of good music, especially classic rock from the 70s and 80s. He

introduced his daughters to countless beloved books, movies, and TV shows. His friends will fondly remember his long term commitment to his fantasy football league, his love of card games, and his intelligent, kind spirit.

Scott is survived by his daughters Abigail and Lelani, brother Jason, mother Terri and stepfather Dean. He was preceded in death by his father Stanley. He will be remembered as a dedicated and loving father who made his daughters a priority in his life, and a caring son and brother. In addition he will be missed by his Rexel family, and many others who had the privilege of calling him a friend.

In lieu of sending flowers, please consider making a donation to the American Cancer Society in Scott's name.

A memorial service will be held at 2pm on Thursday, March 12, 2026 at Bohlander Funeral Chapel.

“ I was sorry to hear about Scott's battle with cancer and that he had passed away. I am also saddened to say that I haven't seen Scott for many years. We were friends through the Fort Collins Jaycees, which was a volunteer and leadership development organization that we both were part of. Scott was always positive, and was one of the kindest, most thoughtful people I have known. I take heart in knowing that his strong faith has surely brought him peace.

“ Scott was my friend and the dearest of friends. He was a great listener and had the ability to hear objectively. He was beautiful, thoughtful, caring, lovable and so very precise, especially about rules 😊 He had the capacity to make you feel welcomed and special. Scott had determination and perseverance throughout his own struggles. He had something very rare. Character. He was factual to a point. He believed in truth. He sought it in others. When there was doubt or darkness he would ask why. How, can this hold us back? He thirsted to know. He was beautiful. He was amazing. He was patriotic. He was gifted. He was given the willingness to accomplish the understanding of what he did not know. Truth the goal. I will miss our lengthy discussions about the fundamentals of existence. You, my friend, are and always will be missed until we meet again. God bless you and all you have known.

“ Scott, you were a good man and friend, I’ll miss our conversations on the phone and with Egghead. It’s been a long time since we’ve seen each other, glad we stayed in touch. May the force be with you:)

“ Scott was a great man with a wonderful sense of humor. Always smiling and laughing. Some of my favorite memories are from our college years and the time shortly after in Michigan—playing cards, hanging out, and just enjoying each other’s company. Scott had a smile and a laugh that could light up a room, and he always seemed to have a positive outlook on everything.

Late-night conversations about everything from comic books and movies to politics and life in general were always a good time.

I’m grateful we had the chance to ski out in the Rockies together and go to the Red Wings vs. Avalanche game. That’s a memory I’ll always treasure. I’m also thankful we were able to reconnect when you visited last summer. None of us realized it would be the last time we’d all be together.

Scott was a huge sports fan who followed all the Michigan teams, with the Red Wings at the top of the list, along with the Lions and Tigers. I’ll truly miss the calls and texts about our favorite teams.

I know he is now in a better place, and I’ll see you on the other side, my friend. God bless you Scott.

“ Scott was an incredibly kind and thoughtful individual. I am blessed that I got the opportunity to work with him for the last 7 years, and will most remember him for the love he had for his family.

Rest easy brother, and thank you for being so nice to young SC transplant during a very rough time and keeping me grounded. I am hopeful he knows what a positive impact he had on my time in Colorado.

“ There’s no specific memory that I ruminate upon more often than others. But what I always loved and admired about him was his quick wit and intelligence. Knowledge of J.R.R Tolkien novels, rock/alternative/metal music, and history were a few of our favorite subjects to discuss. I would be remiss if I didn’t also mention that he was an ardent patriot. He loved his country fiercely and strongly encouraged others to be well informed, employ rational thinking, and make their voices heard (even if they did conflict with his. He would sometimes joke “Well, it’s a free country, and you have a right to be wrong.” He never allowed his uncommonly keen intellect to elevate himself above others however. As smart as he was, he always had an equal demeanor and a warm disposition toward everyone. Some of my most cherished memories of Scott were our conversations about the Holy Trinity. If there is any comfort to be taken from the loss of such a great man, it is that he is at rest now, without pain, in the arms of our Father. I will miss you friend

I met Scott over 30 years ago and throughout those years he was a force of positivity with only love never hate. He was a beacon of hope 🙏

I've known Scott since 1989. We were roommates for 4 years. He was a dear friend that will be dearly missed. I will miss our lengthy conversations. He was a great listener and was sincere. He was forgiving and caring. He had a great sense of humor. He was open about his love for family and friends. He was intelligent, but knew there was so much more to understand. I believe he now has the answers to his many questions and is at peace. Love you brother 😊☐

“ I only met Scott once in person, but when I was able to meet him in person, I could see that he was a genuine person that wanted to do the right thing for his employees and customers. May God love and keep him in his good graces.

“ It's been years since I've seen Scott (I moved away), but I remember how much he loved to play Euchre. I'll never play Euchre again without thinking of Scott. Or watch a Detroit Red Wings game for that matter. Yep, he will be remembered always.
