“ So sorry to hear of Sheila's passing. I am Sheila's uncle. My oldest brother is Ray. I would like to keep in contact if possible. Her brother Tony died March 12, 2012. And Ricky, her other brother is still alive, and wanted to find her. I talked to Sheila a few years ago, i believe on the phone.

“ A few years back Sheila was my manager at Schraders, and a great manager she was. At times I thought she was a bit mean, but I figured out she was only workin on me to become a stronger person. Your mom rocked my world and was my very Best Friend! A couple days after hearing the very sad heartbreaking news, I came across this little poem and boy its so much her and I. "GOODBYES ARE NOT FOREVER, GOODBYES ARE NOT THE END, THEY SIMPLE MEAN I WILL MISS YOU..... UNTIL WE MEET AGAIN" and we will defiantly meet again! I was very Blessed to have her in my life as well as very Blessed having to have meet her kids and grandkids. Much Love, Cindy

“ Dear Kids, I remember you all from Moore School. I was sad to hear of Sheila's death. My love to all of you. Steven, I remember one crazy day your Mom had to come and sit on you to calm you down when you were upset at me. Do you remember throwing things at my classroom window because you were in a power struggle? I made you stay after school to make up time you wasted in class. We called your mom to help settle you down. I remember the tough times when things were not good at home for any of you. I prayed for you then and I pray for all of you now. Would love to know what you are all doing. Can email me. Much love, Gail Trlica, Special Ed. teacher at Moore Elementary
