“ I am so sorry to hear about David's passing and would like to give my condolences to his family. I went to school with David , he was a little younger than I was by about 2 years. Many years later I met David again thru my brother Frank. He played the lead guitar and the drums when needed for my brothers band (On Tap). The guys would meet up about twice a week to rehearse, they also played at local bars and special occasions. They looked like they had a lot of fun together. David was very light hearted and always lived his life on his own terms. He was well liked by all his friends and family. One day I stopped by my brother Frank's house (the ranch) to visit. David knew my daughter was expecting her first child, my first grandchild. He asked me how she was doing, with a heavy heart, I told him she had lost the baby. David looked at me and fought back tears and said he was so sorry for the loss of the baby. That's when I knew what kind of a special man he was. David may have not been a rich man with earthly things, but he was very rich with the kind of soul that many wish they had and no amount of money can buy. I know he will be greatly missed by his friends and family. The next time I hear the song shake your money maker by Elmore James. I will laugh and remember David 🎸 , Susano 🥁, my brother 🎤 and the band as they were bringing down the house! I am proud to call him my friend .
que descansa en paz
