

Terrance George Jennison

July 15, 1949 - April 11, 2026

Terrance (Terry) Jennison, 76, passed away on April 11, 2026, in Walden, Colorado.

Terry was born on July 15, 1949 in Beloit, Kansas. He graduated from Beloit High School in 1967 before attending Wichita State University. He later earned a degree in architecture from Kansas State University.

Over the years, he explored various trades, eventually establishing a career as an HVAC technician. One of his favorite chapters was his work with the National Oceanic and Atmospheric Administration, where he helped to map the coastline of the Midatlantic to Southeast U.S.

Having always wanted to live in the mountains, Terry ultimately settled in Colorado, where he continued to nurture his love of the outdoors, reading, and music. He could often be found woodworking or in the garden tending his prize-winning vegetables, frequently sending jars of jam or other handmade gifts to friends and family. Above all else, Terry valued his relationships with loved ones, traveling several times a year to see family and friends in Virginia, Kansas, and elsewhere.

Terry is remembered as being kind, calm, and a keen lover of learning and sharing knowledge.

He is predeceased by his mother Ann, father George, brother Tim, and nephew Jason. He is survived by sisters Denise Shapiro (Steve) and Deborah Jennison, as well as many nieces and nephews, extended family members, and a community of lifelong friends.

Donations in Terry's memory can be made to the Jackson County Library, one of the places where he most loved to spend time. Checks or cash can be mailed to the library at 412 4th St, Walden, CO 80480, with "In memory of Terry Jennison" in the memo line.

Tribute Wall

“ So sorry to hear this. We vacationed in Beloit once year just before we went back to school. Terry was a few years older and was taking us all to the drive in. We were so amused when he tried to back in the exit and the ticket girl at the entrance shook her finger at him so we went there. We were very impressed.

BS

Terrance's work completed so many projects at my house and last fall we moved and washed a lot of rocks in the yard. So, every day looking around I am thinking of him.

WW

I met Terry through our mutual love of Tai Chi Chuan. There is a saying in Tai Chi,

"You go over hundreds of mountains in search of a good teacher."

"You go through thousands of oceans in search of a dedicated student."

Terry was that dedicated student. His dedication and perseverance and quest for learning was a model for all students. He is already dearly missed by his Tai Chi "family" here in Loveland. Thank you for being a part of our lives.

Friend, student, fellow traveler, may you rest in peace.
