Tom McCarty will be very much missed by his family and friends. He was a dependable and hard worker. He worked at the US Postal Service for nearly 36 years (1973-2008) first as a Letter Carrier and then as a Postal Supervisor. He was a walking map of the City of Denver.

When he retired from the Post Office, he continued his part-time job at Argus ushering for Pepsi Center Sporting Events and Concerts. Tom did not know a stranger—he enjoyed talking with his co-workers and got to know many of the season ticket holders. That community was a positive social outlet when he lost his wife, Joanne, to cancer in 2012.

Tom could be a man of few words when not in his work setting, but he always enjoyed talking sports—especially about: Denver Broncos, Colorado Avalanche, and the Denver Nuggets. He always made it a point to thank the cook after a good meal at family gatherings. He loved fishing ANYWHERE, but especially at Grand Lake/Shadow Mountain. He loved going on camper trips with his wife Joanne and grandkids. He loved Chevy trucks, riding Motorcycles and his dog Mickey. He most loved and was proud of his kids and grandkids.

“ *My thoughts and prayers are with Tom's family at this sad time. Tom was a caring and loving man. I remember a time before Carlos and Kris were married, that her car broke down. He and Joanne and Carlos came to her rescue, towing her car back to Denver from Western NE. Just one example of how caring he was. He and Joanne were always such gracious hosts when we came to Colorado. He loved his family very much, especially his grandkids. They have fond memories of the fishing and camping trips. May the good memories of his life and family times make this time a little easier. I know they will all miss him very much.*

“ I've worked events with Tom for many years. He worked right next to my spot at the AVS games. The AVS season ticketholders always looked forward to seeing Tom at the games and not a game went by after his car accident earlier this year without one or more of them asking me how he was. One little girl in particular stands out. Whenever she was at a game with her family, she would sit by him or stand with him during the intermissions. She was always a little sad if Tom wasn't there and would ask me where he was. Seeing him was a big part of coming to the games for her. Tom touched more people than we will ever know beyond his family, friends, and co-workers. He's with Joanne now and that truly makes me smile.
