“ Miss Vicki, My friend, I will miss you forever. You are now with your precious Aussies, that passed before you. I always took great pride in knowing, I was the only one you trusted to take care of your furbabes, so you and Chris, could actually take a vacation together. I also remember sitting with you on the yard, as the Vet came to put one down. You said you had never been able to do that before. You asked me to come, and together we sent Sadie off to The Rainbow Bridge. I know you gave all my Angel Babes a scratch on the head, when you landed at The Rainbow Bridge. Thank You for 2 decades of friendship. Teresa, Teresa

“ Vicki and Chris were our close friends with the Australian Shepherds. The Applecross lines and Colorado lines were woven together in most pedigrees. Vicki and I travelled to MANY dog shows across this country. I managed the heavy hauling and Vicki managed Ways and Means, She made sure we arrived on time and in one piece! The dogs too. She could pack a vehicle with MORE dogs and crates than was possible! Her wonderful Honda minivan took us safely cross country and locally, when Chris was busy. They usually always travelled to the local shows together. A great Team. Vicki was a determined competitor. Always had her dogs immaculately groomed and show ready to the last hair in place. She was successful and one of the ones you knew would always be in the ribbons. Aussies were her great love but she had a top-Winning Papillon as well! I loved her dearly! She was MY Wingman!
