

William Milton Jakovac, Jr.

September 13, 1937 - September 2, 2020

This is a celebration of William M. Jakovac's life...

He was known by Bill or Mr. Bill. He was a cheerful soul, his smile brought joy to everyone he greeted. He loved trains and watching them go by. He particularly enjoyed the steam engine when it would come through town. Bill liked going into the mountains and being outdoors. He also loved the fur-babies! Bill enjoyed watching superhero movies. He especially liked Superman.

Bill peacefully passed in his sleep on September 2, 2020.

Bill will be missed and always loved.

May our little Superman rest in peace.

“*"Billy Jack" was a wonderful man! I knew him when I worked with him at Foothills Gateway and Good Shepherd while helping him with his communication and communication device. We shared many laughs and smiles while talking about trains and his favorites. I will always remember his great smile and his fun-loving nature. Be at peace my friend. My condolences go out to his family at his loss. His memory and spirit will live on in all that had the pleasure of knowing him.*
